International Conference on Social Research & Innovation

Exploring New Horizons: Transforming Societies

17 - 19 November 2017

Poster Guideline

Your poster title and contents should correspond to the title and content of the abstract you submitted.

Your poster must be designed to fit an A1 portrait posterboard, and the poster should be printed on materials that can be mounted easily with push pins.

Plan your poster to be in logical sequence, i.e. introduction, study design and methods, results and conclusion.

Posters should be designed for clear viewing from a distance of beyond 3' so that they can be viewed by a number of people at the same time.

To ensure visual effectiveness of your poster, use large lettering and a minimum of text. Use of colour and clear images can visually enhance your poster.

Put your poster up at least 1/2 hour prior to the start of the poster sessions of the conference.

Remove your poster immediately at the close of the poster session.
